SUMMARY

I am currently in my senior year studying Msc computer science at Bhonsala Military College under SPPU, Pune. I have worked with MERN Stack and have created multiple personal projects using the same Tech stack. Moreover, I'm also familiar with Data Structures and Algorithms. I have solved over 150 problems on multiple platforms. I'm looking for Internship / Full-Time opportunities as a Software Developer

PROJECTS

E-commerce Application   🔗 Link

- August 2023 -September 2023
- Developed a responsive e-commerce platform using React.js and Node.js, which included secure payment processing and dedicated seller dashboards for streamlined e-commerce operations.
- Leveraged React.js and Node.js, along with the Strapi content management system.
- This project encompassed essential e-commerce functionalities, such as the ability to add items to a shopping cart, sort and filter items for an enhanced shopping experience, place orders securely, and conduct efficient item searches, resulting in a user-friendly and comprehensive e-commerce solution.

Social Media Application   🔗 Link

- June 2023 –July 2023
- Developed a dynamic social media application using React.js and Node.js to create a user-friendly platform for connecting users through features such as real-time chat, personalized user profiles, and customizable news feeds.
- Utilized a range of modern technologies, including React.js for the frontend, Node.js and Express.js for the backend, MongoDB as the database, and Socket.io for real-time communication.
- Key functionalities included robust user authentication, friend management, engagement tools (likes/dislikes), profile customization, and real-time chat

EDUCATION

Bachelor of Computer Science

- Savitribai Phule Pune University • Pune • 2022 • 7.53

Higher secondary school education

- KRA COLLEGE , DEOLA • Deola • 2019 • 54.92 %

CERTIFICATIONS

Full Stack Web Development Course - MERN Stack

- Certified Full Stack Web Developer proficient in MERN stack, showcasing expertise in building dynamic web applications with hands-on project experience.

SKILLS

Frontend: HTML, CSS, JavaScript

Backend: Node.js, Express.js ,RestAPI

Database: MongoDB

Programming Languages: C, Java
